

BASC Entry Policy 2018

Entry to the club Sept/Oct

Membership application forms are available on line in May and also at the swim desk on the following nights – last 2 weeks of May on the Mon & Tues night. The completed forms can be returned to the swim desk at Joey Dunlop Leisure Centre on the above nights or emailed back to the club secretary (email address on form). The last date for submission is the last Tues in May at 7pm. No late applications will be accepted.

The child must be 4 years of age at entry date and meet the selection criteria. Children may be accepted later in the year once they reach their 4th birthday.

Once the existing members re-apply early June, we will then know what places are available and in which session. Applicants with swimming experience will be asked to attend for an assessment in June. The children are then allocated a session according to the available spaces and ability. These children will be notified for commencement September/October.

Unsuccessful applicants remain on a waiting list and the existing swimmers are continually re-assessed throughout the year. If spaces become available the applicant will be notified. A new waiting list is compiled each year in May and you have to re-apply each year. Admission to the club is agreed by the committee to ensure fairness.
